We consider your investment as our primary focus, ensuring long-term financial benefits rather than solely concentrating on obtaining citizenship. Our state of the art AI based property evaluation and selection system P.A.I.R.S. (Precise AI Real Estate System) only recommends properties that are suitable for your unique requirements. These selections are covered by 7 unprecedented guarantees by V.I.G.O.R. (Verified Investment Guarantees for Optimal Returns). We only offer properties with attractive rental yields. With Tisoro Global, you can achieve Turkish PR and passport and/or invest in Turkish real estate without the need to travel to Turkey via our Exclusive Online Investment Program.

Other citizenship investment programs offer properties worth \$300,000 or less for \$400,000, thus compromising on your investment. With our strong presence and trusted partnerships, we ensure you get a property worth \$500,000 for \$400,000, thus saving you approx \$200,000 in total.
